COMPANY OVERVIEW

Empowered Execution Group LLC (EEGLLC) is an SBA-certified Service-Disabled Veteran-Owned Small Business (SDVOSB) headquartered in Stafford, VA, providing strategic PMO leadership, digital transformation, and enterprise risk governance to federal, DoD, and municipal clients. Led by a 16-year technical PM veteran and 10-year military officer with active TS/SCI clearance history — audit-ready, FAR/NIST RMF/ITIL4 aligned, with \$200M+ in portfolio stewardship and \$175M in documented cost efficiencies.

CORE CAPABILITIES & TECHNICAL COMPETENCIES

PMO & Strategic Governance

- Full-lifecycle IDIQ and task order program management
- RAID register construction, portfolio risk mitigation, executive dashboards
- Stakeholder communication and C-suite/SES advisory reporting
- Methodologies: Agile, SAFe, Waterfall, ITIL4, Scrum

Digital Transformation

- Enterprise ServiceNow implementation and CSA-level configuration
- Box Enterprise governance, SharePoint migration, Adobe AEM
- Requirements engineering, SDLC modernization, and architecture migration
- Delivered transformation at scale: 30,000+ end-users, zero downtime

Cyber Risk & Compliance

- NIST RMF implementation: Categorize through Authorize and Monitor
- CISM/CRISC methodology application; security control oversight
- ATO facilitation, POA&M tracking, and audit-ready documentation
- Clearance: TS/SCI with Poly (active history; IC/DoD environments)

Data Analytics & Business Intelligence

- Power BI and Tableau: executive KPI dashboards, fund tracking
- Splunk SIEM integration, Python/SQL data pipeline development
- Budget stewardship: \$6.4M+ annual optimization; \$175M documented savings

Infrastructure & Operations Modernization

- Hybrid cloud frameworks, automation, systems integration
- Improved system uptime 35%; reduced manual workloads 75%
- MS Project scheduling, critical path analysis, resource optimization

PAST PERFORMANCE

DoD CHRA G6 – Senior IT PM / PMO Advisor

GS-13 lead for enterprise ServiceNow and Box platform integration across 30,000+ users; commanded \$200M+ portfolio with zero downtime.

Enterprise PMO Leadership – Multi-Agency

Structured RAID governance and risk registers driving \$175M in documented budget savings through fund inefficiency mitigation across DoD civilian HR modernization programs.

ServiceNow & Box Platform Transformation

Full requirements engineering, configuration, and adoption management for enterprise ITSM migration; 285% improvement in user engagement.

Digital Infrastructure Modernization

Led hybrid cloud integration and automated workflow deployment; 35% uptime improvement and 75% reduction in manual processing overhead.

KEY PERFORMANCE METRICS

\$200M+ Federal portfolio stewardship (DoD)

\$175M Documented cost efficiencies engineered

30,000+ End-users supported; zero operational downtime

16 Yrs Technical PM & senior PMO leadership experience

285% User engagement improvement post-transformation
